Dear FCC:

Dear Mr Powell:

I am a serior citizen with very limited income. That was why I changed to TracFone so I can own the least expensive cell phone for emergency use. I used to pay around \$30 per month for possible one call per month. Health insurance, auto insurance, homeowner's insurance, property tax, etc etc. I can't afford any more increase.

Your cost increase would mean an added hardship for me.

I'd appreciate you not raise.

Sincerely,

Hiroko Falkenstein
